SUBJECT: EMERGENCY ASSISTANCE PROGRAM - POLICY ANALYST ASSIGNMENTS

The purpose of this letter is to transmit the enclosed listing reflecting the California Department of Social Services (CDSS) Emergency Assistance (EA) policy analyst assignments by the County Welfare Directors Association (CWDA) and Probation regions.

EA is a federally funded program under Title IV-A of the Social Security Act and has been implemented in three phases to date. Phase 1 was implemented effective July 1, 1993 and focused on county probation assistance and/or services, including juvenile assessment centers, foster care for wards, and after care services. Phase 2 was implemented effective September 1, 1993 and focused on child welfare services activities, including emergency shelter care and foster care for dependents and voluntary placements. Phase 3 was implemented August 1, 1994 and expanded the scope of services available to the child welfare services population to include crisis resolution services and emergency response activities. Also included in Phase 3 is a proposal to add a Mental Health component under the EA program which has yet to be implemented.

Counties are requested to contact their assigned EA policy analyst to resolve county-specific issues pertaining to implementation and operation of the EA program. The EA policy analysts will also attend county regional meetings to provide EA program updates as necessary.

Currently, regional organizations have not been established for the EA component related to Mental Health; however, CDSS will apprise the counties when such regions have been developed.

Thank you for your continued cooperation in implementing the EA program.

Deputy Director
